

Academic Year 2017-2018

Program Data Type 3 - Annual Student Remediation Plans

Annual data regarding student remediation plans includes the number of student remediation plans implemented by advisors, and the percentage of enrolled students needing remediation in a given semester.

Student remediation plan data is collected from Advisors by Academic Unit Leader every semester. Depending on how a student performs relative to their remediation plan requirements, students may be required to repeat a class, attend additional counseling, have candidacy and/or internship postponed or denied, or possibly be dismissed from program. This data is reviewed annually by counseling program faculty and staff, and every three years by the interdisciplinary Counselor Education Program Assessment Committee, and recommendations are then forwarded to MHC program faculty, advisors, and administrators.

Current Student Remediation Plan Annual Data Report

Student Remediation Data Area	Fall 2015	Spring 2016	Fall 2016	Spring 2017	Fall 2017	Spring 2018
1. Number of Students in “Pre-Remediation” (Having received 1.0 – Needs Improvement)	n/a	n/a	n/a	n/a	4	2
Percentage of Students Enrolled	n/a	n/a	n/a	n/a	9%	2%
Percentage who Complied with or Are in the Process of Complying with Improvements Needed	N/A	N/A	N/A	N/A	100%	100%
2. Number of “Formal Remediation Plans”	0	0	0	0	0	4

Percentage of Students Enrolled	0%	0%	0%	0%	0%	9%
3. Percentage who Complied with or Are in the Process of Complying with Remediation Plan Requirements.	N/A	N/A	N/A	N/A	N/A	75%

Note: Data obtained from advisors of assigned students for respective years.

Student remediation plan rates increased this past academic year, with the introduction of pre-remediation plan tracking, as well as a more strategic use of remediation plans to provide targeting support for student improvement and efforts to retain students in danger of dropping out of the program. Remediation plans are required anytime a student achieves a 1.0 (failing to meet benchmark of 2.0) on any KLO or KPD standard. Pre-mediation plans are implemented anytime a student achieves a rating of one on a KLO or KPD, fails to pass a required benchmark, or is in need of more targeted support for academic or professional success. Advisors work with students to establish remediation and pre-remediation plan goals and follow-up according to established timelines.

Improvements/Modifications Recommended:

The MHC faculty were pleased with the effectiveness of the pre-remediation and formal remediation plans this past academic year, and the proposal was made to continue utilizing these as planned.
