

Academic Year 2017-2018

Data Type 9 – Counseling Program Comprehensive Exams (CPCE)

Data regarding student performance on CPCE Exams includes aggregate student scores for each of following:

1. Professional Knowledge (8 Core Domains)
2. Total Score
3. National Statistics and Cut-Off Scores

CPCE Exam data also includes aggregate program data regarding the following:

1. Exams Taken - Total
2. Exams Taken - Retakes
3. Exams Passed
4. Exams Failed
5. Exams Eligible for Retake

CPCE Exams are completed by students prior to graduation, and students must receive a passing score in order to qualify for degree completion. Depending on how a student performs on an attempted CPCE Exam, the students may be required to retake the exam, have graduation postponed or denied. Exam scores are collected by the Center Administrator every Fall and Spring semester. CPCE Exam data is reviewed annually by counseling program faculty and staff, and every three years by the interdisciplinary Counselor Education Program Assessment Committee, and recommendations are then forwarded to counseling program faculty, advisors, and administrators.

Current Annual 2017-2018 CPCE Exam Data Reports

This past academic year, 8 students completed the CPCE exam, and 100% of exams taken were passed by students at all points in the program. 100% of exams taken were passed by students by graduation. MHC faculty noted the lowest scores continue to be found in the area of Career Counseling, however, these scores were increased from the last academic year.

Improvements/Modifications Recommended:

MHC Faculty will make efforts to attend to Career Counseling domain knowledge explicitly in curriculum and advising conversations, and track data to see if these scores improve in the following academic year.
