

Academic Year 2018-2019

Data Type 13 – Stakeholder/Constituent Feedback

Data regarding Stakeholder/Constituent Feedback will include aggregate ratings on Stakeholder/Constituent Surveys inquiring how well stakeholders and constituents who have knowledge of students and graduates of the Seminary of the Southwest's counseling program believe the program prepared those students and graduates to fulfill the following:

1. Mission of the MHC Program
2. Goals & Objectives of the MHC Program - Being
3. Goals & Objectives of the MHC Program - Knowing
4. Goals & Objectives of the MHC Program - Doing

This data is generated by stakeholders and constituents with knowledge of our students/graduates surveyed once annually. This information is not used at the individual student level but rather at the program level to determine if the program is meeting its mission, goals, and objectives. Survey ratings are collected by the Academic Unit Leader once a year. Stakeholder/Constituent feedback data will be reviewed annually by counseling program faculty and staff, and every three years by the interdisciplinary Counselor Education Program Assessment Committee, and recommendations are then forwarded to counseling program faculty, advisors, and administrators.

Stakeholder/Constituent Feedback Data Annual Report:

Survey Item	2015-2016	2016-2017	2017-2018	2018-2019

1. Perform the essentials tasks of a competent professional clinical mental health counselor?	2.5	2.66	2.87	2.83
2. Commit to personal and spiritual practices capable of sustaining the vocation of a professional counselor?	3.0	3.0	2.85	3

Seven stakeholders returned survey responses and 100% of respondents indicated the program met or exceeded standards.

Improvements/Modifications Recommended:

The response rate decreased from last year where there were 11 respondents compared to the seven respondents this year. The recommendation is to continue with the use of a committee that will assess and make proposals for modifying the process to obtain stakeholder/constituent contact information. The MHC faculty will continue to explore how to improve the response rate.
