## Spanish Prayer

The office in Spanish is exactly as described above with regards to Morning or Evening Prayer, except for the following important exceptions and differences:

1. You may lead as much of the ordinary in Spanish as you are comfortable with.
2. The propers may be in Spanish or English. That is to say, the collect of the day and lectionary readings, even when you are entirely comfortable with liturgical Spanish.
3. The Psalm and the Readings may be in Spanish or English, all depending on the comfortability of the reader.
